**SnowJet**

Nozzles Last 15 Times Longer Than Conventional Nozzles

**Benefits**

- Ceramic orifice lasts 15 times longer than other nozzles.*
- Significantly reduces nozzle replacement time and maintenance costs for fan machines.
- Smaller, more uniform droplets produce higher-quality snow.
- Available with strainers to prevent clogging – especially important when using low quality water.

*Wear life is dependent on hours of use and water quality.

**Assumptions:** 1 minute per nozzle for replacement. Conventional nozzle cost: $4.00. SnowJet nozzle cost: $6.00. Actual prices will vary.
High-quality replacement nozzles for all your snowmaking needs

Replacement Nozzles for Tower Snow Guns

**QuickJet**
- Flat and full cone spray tips
- Fast and easy to replace without tools
- Utilizes a body that stays in place and a replaceable spray tip

**VeeJet**
- Flat spray pattern
- Small- to medium-sized drops
- Unobstructed flow passage minimizes clogging

Replacement Nozzles for Fan Machines

**SpiralJet**
- Hollow- and full-cone spray pattern
- Higher flow rates and medium-sized drops
- Minimal flow obstruction reduces clogging

**WhirlJet**
- Hollow cone spray pattern
- Small- to medium-sized drops
- Low-profile projection
