GUNJET® TRIDENT™ SPRAY GUN

POWERFUL, ERGONOMIC, SUSTAINABLE WASHDOWN GUN FOR PLANT CLEANING

The new GunJet Trident spray gun delivers superior cleaning power while reducing operator fatigue and water use. Featuring an innovative springless trigger mechanism, Trident spray guns provide a lighter, smoother pull and improved spray integrity for long cleaning shifts. Built with a durable glass-filled nylon body and a protective trigger guard, the gun withstands daily abuse in harsh plant environments. Available in low- and high-pressure versions, Trident spray guns reduce cleaning time and cut water and sewer costs. It also provides a more comfortable and reliable alternative to traditional washdown guns.

BENEFITS

- **Maximize productivity:** Innovative springless trigger reduces pull force and improves stream integrity, allowing operators to clean faster with less effort
- **Water and cost savings:** High-impact spray delivers superior cleaning at lower flow rates, cutting water, sewer, and labor costs
- **Operator comfort:** Lightweight design with ergonomic grip reduces fatigue during long cleaning shifts
- **Durable, reliable performance:** Glass-filled nylon body absorbs impacts; reinforced trigger guard prevents damage and accidental activation
- **Sustainability built-in:** Available in low- and high-pressure versions to optimize cleaning efficiency while conserving water
- **Two spray patterns, one gun:** Clean targeted areas with a solid stream spray, and larger areas with a hollow cone spray for full coverage

IDEAL FOR CONTINUOUS SPRAY APPLICATIONS

- Plant washdown
- Sanitation
- Tank and truck cleaning
- Spray drying towers and equipment
- Harsh, repetitive cleaning

GUNJET® TRIDENT™ SPRAY GUN

SPECIFICATIONS

Max. liquid temperature: 200°F (93.3°C)
Inlet Conn: 1/2 in. NPT
Weight: 22.4 oz. (.64 kg)
Material: 316 stainless steel, glass-filled nylon

Low Pressure Gun

Max. operating pressure: 300 psi (21 bar)
Capacity: 8 gpm (30 lpm) at 100 psi (7 bar)
Color: Blue

High Pressure Gun

Max. operating pressure: 750 psi (52 bar)
Capacity: 5 gpm (19 lpm) at 100 psi (7 bar)
Color: White
