AA2-FOAM GUNJET® SPRAY GUN

Extension Straw

EASY-TO-USE, LIGHTWEIGHT, TWO-FLUID SPRAY GUN FOR FOAM ADHESIVES

Our new two-fluid GunJet Spray Gun provides thorough mixing of chemistries to optimize foam quality and ensure consistent application of adhesives. This unique design features a 9" (22.9 cm) dispensing wand with a static mixer that blends the adhesive solutions at a 1:1 ratio into a foam just prior to exiting the gun. The dispensing wand can quickly be removed from the gun without tools for quick maintenance and replacement.

Constructed of polypropylene, the AA2-Foam GunJet Spray Gun is priced for single use – once the canisters are empty, just dispose of the gun instead of trying to clean or remove dried adhesive. Designed with the operator in mind, the gun is lightweight and comfortable to use.

IDEAL FOR FOAMED ADHESIVE APPLICATIONS

- Roofing
- Insulation
- Surface bonding

BENEFITS

- **Maximize productivity:** Quarter-turn quick-connection cap speeds up maintenance. A simple twist of the cap enables the dispensing wand to be replaced in seconds – no tools needed. Quick-connect hose connections speed up canister hook-up
- **Comfort features:** Easy-to-operate trigger with optional lock-on feature for continuous spraying to reduce fatigue; gun weighs just 10 oz. (283.5 g) – 38% less than metal spray guns
- **Easy adjustment of flow:** Once desired flow rate is achieved, set the stop adjusting nut so each trigger pull provides the same flow/volume
- **Easy spray pattern adjustment:** The 9" dispensing wand produces a splatter coat pattern. Add the removable 18" (45.7 cm) extension straw for a uniform ribbon pattern.
- **Durable performance:** Polypropylene construction
- **Readily available and economical:** Made in the USA and priced for one-time use

AA2-FOAM GUNJET® SPRAY GUN

SPECIFICATIONS

Max. liquid temperature: 120°F (48.9°C)

Max. liquid pressure: 300 psi (21 bar)

Includes two 15 ft. (4.6 m) 5/8" OD non-removable hoses connected to the gun, with 1/4" JIC female tank connections

Includes one standard 9" (22.7 cm) dispensing wand and one 18" (47.5 cm) extension straw
